Wyndham Indianapolis West
2544 Executive Drive
Indianapolis, IN 46241

Since 1949, when the Indiana Association of Pathologists hosted a seminar in Indianapolis that featured Dr. Arthur Purdy Stout, the IAP has continued the tradition of holding an all-day meeting featuring one, sometimes two, pathologists of national renown to discuss one broad topic. Each year, the topic is selected based on the need of Pathologists to hear updates or new directions in diagnosis.

74th Spring Slide Seminar

April 27, 2024

Gastrointestinal
Pathology

Dr. Raul S. Gonzalez
Emory University

Dr. Xiuli Liu
Washington University
St. Louis

Format

This live CME activity combines lecture and slide case presentations, with opportunity for discussion during an all-day session. Attendees receive learning feedback with the use of quizzes.

CME Designation

The College of American Pathologists designates this live educational activity for a maximum of 6.0 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only credit commensurate with the extent of their participation in the activity.

Disclaimer

The content of this accredited CE (CME) activity does not necessarily reflect the view or policies of the College of American Pathologists.

CME Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the College of American Pathologists and the Indiana Association of Pathologists. The College of American Pathologists is accredited by the ACCME to provide continuing medical education for physicians.

Disclosure Statement

In accordance with the ACCME Standards for Commercial Support, educational programs sponsored by the IAP must demonstrate balance, independence, objectivity and scientific rigor. Prior to the activity, all faculty, authors, editors and planning committee members participating in an IAP-sponsored activity are required to disclose to attendees any relevant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services that are discussed in an educational activity. This information will be disclosed to the learners before the presentation verbally or in printed material.

Building Bridges

Physicians who are not pathologists may recognize that the learning opportunity of this seminar may help close a practice gap of their own. Non-pathologists are generally not eligible for membership with the IAP. However, we welcome these physicians and they may attend the meeting at the IAP member price. Contact iap@indianapath.org for assistance.

Faculty

Xiuli Liu, MD, PhD, Professor

*Director, Gastrointestinal, Hepatobiliary, and Pancreatic Pathology
Director, Gastrointestinal Pathology Fellowship Program
Department of Pathology and Immunology
Washington University, St. Louis, MO.*

Dr. Liu received her MD from Beijing Medical University and her PhD from University of Arkansas for Medical Sciences. She completed AP/CP residency training and gastrointestinal pathology fellowship training at University of Alabama in Birmingham.

Dr. Liu has authored more than 220 peer-reviewed publications and edited two books (one on IBD and one liver pathology). She authored many chapters for several other textbooks. She has lectured nationally and internationally on various GI, liver and pancreatic pathology topics.

Dr. Liu was the recipient of the Innovator Award for her work on systems pathology model for predicting recurrence of colon cancer, Cleveland Clinic, in 2013 and the recipient of the Superior Accomplishment Award from the College of Medicine at University of Florida in 2018. She was an Exemplary Teacher in the College of Medicine at University of Florida in 2019. She has established a monthly Missouri statewide interesting GI and liver cases sharing conference and a bi-annually GI and Liver Eminent Pathologists lecture series since she joined Washington University in 2021. She was the President of Chinese American Pathologists Association (CAPA) in 2022.

Topics

Dr. Liu:
1) IBD neoplasia (post-SCENIC updates)
2) Genetic testing and treatment relevant IHCs in GI malignancies
3) Pathology of fatty liver disease

Dr. Gonzalez:
1) Digestive Tract Neuroendocrine Neoplasia: What to Know in 2024
2) The Current Landscape of Appendiceal Mucinous Neoplasms: More Clarity, or More Confusion?
3) Mesenchymal Lesions of the Gastrointestinal Tract

Faculty

Raul S. Gonzalez, MD, Associate Professor

*Director of Gastrointestinal Pathology Service
Co-Director of Anatomic Pathology Research
Department of Pathology and Laboratory Medicine
Emory University*

Dr. Gonzalez received his MD from the Medical College of Georgia and completed AP/CP residency training at Emory University, followed by fellowships in surgical and gastrointestinal pathology at Vanderbilt University.

Dr. Gonzalez has authored more than 100 peer-reviewed publications and a textbook on liver pathology, as well as chapters for several other textbooks and numerous topics on Pathology Outlines, where he served as Editor in Chief. He has lectured nationally and internationally, including at USCAP and CAP annual meetings, and has given several lectures on the pathCast platform. He is the Chair of the CAP Surgical Pathology Committee, the Chair of the Education Committee for the Rodger C. Haggitt Gastrointestinal Pathology Society, a founding member of Virtual Pathology Grand Rounds, the Social Media Editor for Human Pathology, the Reviews Editor for Histopathology, and a member of the American Board of Pathology's Continuing Certification Advisory Committee.

Dr. Gonzalez maintains active Twitter and Facebook pages dedicated to educational pathology content and was the first winner of the #PathTweetAward. He was named one of the American Society for Clinical Pathology's 40 Under Forty in 2016, and one of the Emory Alumni Association's 40 Under Forty in 2018. In 2020, he won the Richard B. Cohen Award in recognition of excellence in teaching of anatomic pathology at Beth Israel Deaconess Medical Center. In 2023, he won the Gastrointestinal Pathology Society's Jack Yardley Investigator Award.

Other Meeting Information

Lunch and a light breakfast are included in the fee. There is ample free parking.
